THE THEATRE OF SPONTANEITY

AN INTRODUCTION TO PSYCHODRAMA

by

J. L. MORENO

"This volume is the English translation of a work produced by Dr. Moreno in Europe in 1923 (Das Stegreiftheater) . . .
The psychiatrically oriented reader will be most interested in Parts II and III—*The Theatre of Spontaneity and The Therapeutic Theatre* . . Thus what began as a new form of art has given birth to a new and valuable form of group therapy and of instruction—namely, Moreno's psychodrama. This book is a valuable exposition of the underlying philosophy. It should be read by all who are interested in the newer methods of studying and treating disorders of interpersonal relations."

WINFRED OVERHOLSER
"Mental Hygiene," July, 1948

Clothbound Price $3.75
